Dear Sir

18

I rec'd your letter in due time and should have answered it before had I known what to have said. It would be impossible for me to leave home until December without a very great loss.

Business is such that it would not be prudent for me to leave at present.

If you can engage some other person to take my place, I think you had better do it.

If I can be of any service to ^{you} this winter I would willingly engage. It is impossible for me to leave home a single day or I would attend the Meeting at Hingham.

I think Mr Garrison manages the Liberator very bad and is doing but little good in the cause of abolition. I have made up my mind to patronize that paper no longer.

I wish you would write me immediately and let me know what to expect.

I think I could ^{engage} the first of December and devote all of my time, and should like to labour in Plymouth County.

Yours in great haste
G. H. Durfee
